

Autumn
Term 2
Year 2

Handwriting practice

Daily Reading
(Don't forget to log on Marvellous Me)

Mathematics

Numbots!

Practise counting in multiples of 2, 5 and 10.
Can you record these as written calculations?
Maybe you can time yourself and see if you can get quicker and quicker each week!

Challenge:

Write down all the multiples of the 2's, 5's and 10's times tables.

What do you notice? Do you spot any patterns?

History

Please see additional handout.

Movers and Shakers

Year 2 Homework Challenges

Science

We will be learning all about different materials and their properties.

Here are some ideas of investigations you could try:

Test which materials are waterproof by making an umbrella for a teddy or toy.

Observe and record how long it takes for ice to melt. Does this change if it is wrapped in different materials? How?

Can you make a house for the three little pigs?
What is the best material for this? Why?

Computing

Creating Media

Have a go at using online tools to create different images. Perhaps you could link this to our English work and create a portrait of one of the significant historical figures we are studying.
You could even create some images to go alongside your recipe!

English

We will be starting our new book: *Man on the Moon* (a day in the life of Bob).

Can you research and write some interesting facts about space?

Perhaps you could create a fact file all about space and the interesting things you discover?
You could even write a biography of Neil Armstrong or write your own space adventure story!

DT

This half term we will be learning about where food comes from and preparing our own healthy meals.

You can support your child by encouraging them to help you in the kitchen. Talk to them about their favourite foods and perhaps write their own recipe!
