## *Accessibility Plan 2024-25*

**TOWNVILLE ACADEMY**

*Head teacher: Caroline Burden*

Adopted date: December 2024

Review date: December 2027

### **Our vision**

*At Townville Academy we aspire to offer the best possible early education for our children in a happy, safe, inclusive environment. We build firm foundations through a welcoming, holistic community approach placing the individual needs of the child at the heart. With high expectations and aspirations for every child we seek to ensure all children develop the skills and attributes they need to thrive and succeed both now and in the future.*

### **Aims**

*Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:*

- Increase the extent to which disabled pupils can participate in the curriculum.*
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.*
- Improve the availability of accessible information to disabled pupils*

*Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. Townville Academy is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.*

*Our school strives to be an inclusive school and we actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. This means that equality of opportunity must be a reality for our children:*

*We define equality in line with the Equality Act 2010 and recognise the following protected characteristics;*

- age*
- disability*
- gender reassignment*
- marriage and civil partnership*
- pregnancy and maternity*
- race*
- religion or belief*
- sex*
- sexual orientation.*

*Our accessibility plans are designed to:*

- Increase the extent to which disabled pupils can participate in the school curriculum; which includes teaching and learning and the wider curriculum of the school, such as participation in after school clubs, leisure and cultural activities or school visits.*
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services.*
- Improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled.*

*With these aims in mind we are committed to staff training to enable them to be effective in the education of all pupils with disabilities; we are also equally committed to prioritising resources to enable all pupils to access the curriculum.*

## ACCESSIBILITY PLAN

*The school supports any available partnerships to develop and implement the plan including WISENDSS (Wakefield Inclusion and SEND Support Service) and SENART (Special Education Needs Assessment and Review Team).*

*Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.*

*We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.*

*The plan will be made available online on the school website, and paper copies are available upon request.*

### **Legislation and guidance**

*This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.*

*The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.*

*Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.*

*Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.*

*To comply with legislation, we ensure that:*

### **Curriculum:**

- Information obtained on future pupils to facilitate advanced planning gathered by: meetings with parents and discussions with previous settings where applicable, ensuring that a home visit is carried out to all future pupils entering at standard entry points. Where a pupil enters school at a non-standard entry point, and additional needs/ concerns have been raised, a home visit may be conducted.*
- Well established procedures for the identification and support of pupils with Special Educational Needs.*
- Detailed pupil information on SEN pupils given to relevant staff*
- SEN children who receive adaptations to their curriculum see their personalised learning in a One Page Profile with pupils and parents involved in target setting throughout the year. Following the graduated response, this may be through: Supporting Me To Learn Plans, My Support Plans and EHCPs.*
- Termly whole school pupil progress meetings with class teacher and with information shared and discussed with SENCO and Head teacher.*
